Now that you know how a timeline is made you can make up your own timeline about you and Sally. Below are several empty boxes that will represent different events in Sally's life. The events are not in order. If you want to you can make up more events and add more boxes with titles.

1. Draw a picture in each box to represent an event in Sally's life.
2. Cut out the boxes and put them in order.
3. Glue them to a long piece of paper and title your work, My Timeline with Sally Sturgeon.
