

Is it Living?

1. Watch your birdfeeder to see what animals visit. Do you know what kind of bird or animal it is?
Draw or write about what you see!

2. What are some other ways we can help living things both in our homes and in nature? List or draw some of your ideas.

<u>At Home</u>	<u>In Nature</u>

Examples:

- Clean up garbage
- Don't litter
- Making sure plants have water
- Leaving wild animals alone (don't touch)
- Plant a butterfly/bee friendly garden
