

Handout

1. Draw a picture of each type of soil and add some labels (e.g. rock, root, perlite).

Sand

Dirt

Potting mix/compost

2. Based on your observation of the soils, which one do you think will grow the seeds best?

3. Record your observations of the seedlings (e.g. germination, leaves, height, colour).

Day	Sand	Dirt	Potting mix/compost
