Financial Statements of

SCIENCE NORTH

And Independent Auditors' Report thereon Year ended March 31, 2022

Management's Responsibility for the Financial Statements

The accompanying financial statements of Science North are the responsibility of Science North's management and have been prepared in compliance with legislation, and in accordance with Canadian public sector accounting standards for not-for-profit organizations, including the 4200 series of standards, as issued by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada. A summary of the significant accounting policies are described in Note 1 to these financial statements. The preparation of the financial statements necessarily involves the use of estimates based on management's judgement, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Science North's management maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements and reliable financial information is available on a timely basis for preparation of the financial statements. These systems are monitored and evaluated by management.

The Board of Trustees meets with management and the external auditors to review the financial statements and discuss any significant financial reporting or internal control matters prior to their approval of the financial statements.

The financial statements have been audited by KPMG LLP, independent external auditors appointed by Science North. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on Science North's financial statements.

INDEPENDENT AUDITORS' REPORT

To the Honourable Minister of Tourism, Culture and Sport, the Province of Ontario and the Board of Trustees of Science North

Opinion

We have audited the financial statements of Science North (the "Entity"), which comprise:

- the statement of financial position as at March 31, 2022
- the statement of operations and changes in fund balances for the year then ended
- · the statement of cash flows for the year then ended
- and the notes to the financial statements, including a summary of significant accounting policies

(Hereinafter referred to as the "financial statements")

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Entity as at March 31, 2022, and its results of operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibility under those standards are further described in the "Auditors' Responsibilities for the Audit of the Financial Statements" section of our auditors' report.

We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Page 2

Responsibility of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
 - The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, internal omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purposes of expressing an opinion on the effectiveness of the Entity's internal control.

Page 3

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to the events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Entity's to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to Financial Statements

Year ended March 31, 2022

Science North (the "Organization") is an Ontario Organization established as a Science Centre Organization under the Science North Act of the Province of Ontario. The Organization is a registered charity and is exempt from income taxes under the Income Tax Act.

1. Significant accounting policies:

(a) Basis of presentation:

These financial statements reflect the assets, liabilities, revenues and expenses of the unrestricted, capital and restricted and endowed funds of Science North.

The financial statements have been prepared by management in accordance with Canadian public sector accounting standards including the 4200 standards for government not-for-profit organizations. A statement of remeasurement gains and losses has not been included as there are no matters to report therein.

(b) Revenue recognition:

The Organization follows the restricted fund method of accounting. Under this method, the following principles have been applied:

- Contributions are recorded as revenue in the respective funds based on their nature, source and the restrictions stipulated by the donor.
- Contributions including pledges and donations are recognized as revenue when received
 or receivable if the amounts can be reasonably estimated and collection is reasonably
 assured.
- Revenue on contracts is recognized using the percentage-of-completion method. The
 percentage is determined by relating the actual cost of work performed to date to the
 current estimated total cost for each contract. Unearned advances are deferred.
 Projected losses, if any, are recognized immediately for accounting purposes.
- Revenue from film distribution and license / lease arrangements is recognized only when
 persuasive evidence of a sale or arrangement with a customer exists, the film is complete
 and the contractual delivery arrangements have been satisfied, the arrangement fee is
 fixed or determinable, collection of the arrangement fee is reasonably assured and other
 conditions as specified in the respective agreements have been met.
- Cash received in advance of meeting the revenue recognition criteria described above is recorded as deferred revenue.

(c) Investments:

The short-term and restricted investments consist of bonds and coupons and are recorded at amortized cost.

Notes to Financial Statements (continued)

Year ended March 31, 2022

1. Significant accounting policies (continued):

(d) Capital assets:

With the exception of the Bell Grove land, which is recorded at nominal value, capital assets are stated at cost or fair market value if donated.

Amortization on buildings is provided on the declining-balance basis at an annual rate of 5%.

Amortization on exhibits and equipment is provided on the straight-line basis at annual rates ranging from 5% to 20%.

Amortization on large format films, when available for use, is provided in proportion that current revenue bears to management's estimate of revenue expected from the film.

(e) Inventory:

Inventory consists of food and retail items. Inventory is valued at the lower of cost and net realizable value. Net realizable value is the estimated selling price in the normal course of business operations.

(f) Financial instruments:

All financial instruments are initially recorded on the statement of financial position at fair value

All investments held in equity investments that trade in an active market are recorded at market.

All other investments are held at amortized cost. All investments held in equity investments that trade in an active market are recorded at fair values. Freestanding derivative instruments that are not equity instruments that are quoted in an active market are subsequently measured at fair value.

Transaction costs incurred on the acquisition of financial instruments measured subsequently at fair value are expensed as incurred.

Financial instruments are classified into fair value hierarchy Levels 1, 2 or 3 for the purposes of describing the basis of the inputs used to determine the fair market value of those amounts recorded a fair value, as described below:

Level 1	Fair	value	measurements	are	those	derived	from	quoted	prices
	(unad	ljusted)	in active markets	for i	dentical	assets or	liabiliti	es	

Level 2 Fair value measurements are those derived market-based inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly

Level 3 Fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data

Notes to Financial Statements (continued)

Year ended March 31, 2022

1. Significant accounting policies (continued):

(g) Employee future benefits:

The Organization has defined contribution plans providing pension benefits. The cost of the defined contribution plans is recognized based on the contributions required to be made during each year.

(h) Use of estimates:

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the periods specified. Items subject to such estimates and assumptions include the carrying value of capital assets and loans payable and valuation allowances for accounts receivable and inventory. Actual results could differ from those estimates. These estimates are reviewed periodically, and, as adjustments become necessary, they are reported in earnings in the year in which they become known.

2. Investments:

	2022	2021
Short-term investments Restricted investments	\$ 1,910,492 8,058,042	\$ 2,744,863 7,070,245

	4,456,367	1,613,070
	\$ 12,514,409	\$ 8,683,265

7. Interfund transfers:

The interfund transfers are comprised of:

- (a) net assets of \$Nil (2021 \$271,845) which were internally allocated between the General Fund and the Restricted Fund, to cover certain general fund purchases;
- (b) net assets of \$1,773,174 (2021 \$25,000) which were internally allocated between the General Fund and the Restricted Fund for capital acquisitions (future capital acquisitions); and
- (c) net assets of \$1,941,544 (2021 \$288,715) which were internally allocated between the General Fund and the Restricted Fund to cover future operational expenditures.

Notes to Financial Statements (continued)

Year ended March 31, 2022

8. Risk management:

(a) Credit risk:

Credit risk refers to the risk that a counterparty may default on its contractual obligations, resulting in a financial loss. The Organization is exposed to credit risk relating to its cash, grants and accounts receivable and current and long-term investments. The Organization holds its cash accounts with federally regulated chartered banks who are insured by the Canadian Deposit Insurance Corporation. In the event of default, the Organization's cash accounts are insured up to \$100,000 (2021 - \$100,000).

Accounts receivable are comprised of government and other receivables. Government receivables are ultimately due primarily from the Ministry of Tourism, Culture and Sport, as well as other government entities, and credit risk is mitigated by the governmental nature of the funding source. Other receivables arise during the course of the Organization's normal operations and are due from a diverse customer base. The Organization measures its exposure to credit risk based on how long the amounts have been outstanding. An impairment allowance is set up based on the Organization's historical experience regarding collections.

The maximum exposure to credit risk of the Organization at March 31, 2022 is the carrying value of these assets.

The amounts outstanding at year end were as follows:

As at	1 - 90	91 - 180	181 - 270	270+

There have been no significant changes from the previous year in the Organization's exposure to credit risk or its policies, procedures and methods used to measure the risk.

Notes to Financial Statements (continued)

Year ended March 31, 2022

8. Risk management:

(b) Market risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of market factors. Market factors include three types of risk: currency risk, interest rate risk and equity risk.

The investment policies of the Organization operate within the constraints of the investment guidelines approved by the Board of Directors. The policies' application is monitored by management and the Board of Directors. Diversification techniques are utilized to minimize risk.

There have been no significant changes from the previous year in the Organization's exposure to market risk or its policies, procedures and methods used to measure the risk.

(i) Currency risk:

Currency risk arises from the Organization's operations in different currencies and converting non-Canadian earnings at different points in time at different foreign currency levels when adverse changes in foreign currency rates occur. The Organization does not have any material transactions or financial instruments denominated in foreign currencies.

(ii) Interest rate risk:

Interest rate risk is the potential for financial loss caused by fluctuations in fair value or future cash flows of financial instruments because of changes in market interest rates. The Organization is exposed to this risk through its interest-bearing investments and long-term debt.

(c) Liquidity risk:

Liquidity risk is the risk that the Organization will not be able to meet all of its cash outflow obligations as they come due. The Organization mitigates this risk by monitoring cash activities and expected outflows through extensive budgeting and maintaining investments that may be converted to cash in the near-term if unexpected cash outflows arise. Accounts payable are all current and the terms of the long-term debt are disclosed in note 3.

There have been no significant changes from the previous year in the Organization's exposure to liquidity risk or policies, procedures and methods used to measure the risk.

Notes to Financial Statements (continued)

Year ended March 31, 2022

8. Risk management:

(c) Liquidity risk (continued):

The following table sets out the contractual maturities (representing undiscounted contractual cash flows) of financial liabilities:

As at March 31, 2022	Within 6 months	6 - 12 months	1 - 5 years	5+ years	Total
Accounts payable Long-term debt	\$ 2,644,389 -	\$ 503,860 –	\$ 1,219,008 –	\$ 64,480 1,075,837	\$ 4,431,737 1,075,837
	\$ 2,644,389	\$ 503,860	\$ 1,219,008	\$ 1,140,317	\$ 5,507,574
As at March 31, 2021	Within 6 months	6 - 12 months	1 - 5 years	5+ years	Total
Accounts payable Long-term debt	\$ 1,725,893 135,000	\$ 629,788	\$ 452,273 75,000	\$ 62,844 1,137,670	\$ 2,870,798 1,347,670
	\$ 1,860,893	\$ 629,788	\$ 527,273	\$ 1,200,514	\$ 4,218,468

(d) Other risk:

The Organization's main sources of revenue are government operating grants. Throughout the pandemic, the Organization's ability to produce self-generated revenues has been significantly impacted by the Canadian and Provincial governments enacting of emergency measures result. The attractions were closed or operated with capacity restrictions throughout the 2 past years. The Bell Grove and Dynamic Earth operations resumed full-time operations as of April 1, 2022.

In response to the adverse impact the pandemic has had on admission, workshop and camp revenues, the Organization has undertaken certain cost cutting measures. The Provincial government has provided financial relief in the form of grants totaling \$6,183,740 of which \$1,433,030 is included in grants receivable.

The impact of COVID-19 is expected to negatively impact operations for a duration that cannot be reasonably predicted. The further overall operational and financial impact is highly dependent on the duration of COVID-19, including the potential occurrence of additional waves of the pandemic, and could be affected by other factors that are currently not known at this time. Management is actively monitoring the effect of the pandemic on its financial condition, liquidity, operations, suppliers, and workforce. Given the daily evolution of the pandemic and the global responses to curb its spread, the Organization is not able to fully estimate the effects of the pandemic on its results of operations, financial condition, or liquidity at this time.
