

## Science North's boardwalk temporarily closed while under repair

**(SUDBURY, ON)** – Science North's wooden section of the Jim Gordon boardwalk along Ramsey Lake is temporarily closed and access from Ramsey Lake Road is blocked off. Access to the paved section of the walkway is still available from the Paris and Elizabeth Street entrances.

An assessment is currently underway to determine what repairs are needed and the length of the closure. Science North will share updates about the repair and length of closure on their website, social media channels, and on-site signage.

### About Science North

Science North is Northern Ontario's most popular tourist attraction and an educational resource for children and adults across the province. Science North maintains the second – and eighth-largest science centres in Canada. Science North's attractions include a science centre, IMAX® theatre, digital Planetarium, butterfly gallery, special exhibits hall, and Dynamic Earth: Home of the Big Nickel. Science North, in partnership with Laurentian University, offers North America's first and only comprehensive Science Communication program, a joint master's and Graduate Diploma program. As part of its mandate, Science North provides science experiences throughout Northern Ontario including outreach to schools and festivals, summer science camps and more, and has a permanent base in Thunder Bay providing outreach to the Northwest. Science North is an agency of the Government of Ontario. For more information, visit [sciencenorth.ca](https://sciencenorth.ca).
